

Don't you find it interesting how arrogance tends to accompany ignorance?

A lot of good people are caught in a trap and I'm out of ideas as to how to help them.

God won't help them because God never interferes...

They are mind-controlled from cradle to grave and they are none the wiser for it. They are so heavily invested in the lies, the propaganda, that the truth is wasted on them.

What causes any of them to 'smell a rat' and realise there's something wrong with this picture, I do not know. The rats not only leave trails; they leave clues as to what diabolical actions they're going to hit us with next. I guess the clues have to be read by a favourite news reader for people to believe.

If only people could accept that the rats have a depopulation agenda and we're a quarter of the way into it. But no, they love the rats and they love all of this deadly drama. They will glee and delight when all us unvaccinated are carted off to the Covid death camps.

Don't bother forwarding this to them; they won't read it: they are arrogant, ignorant, know it alls...

The Matrix is real and it's a 'mind-control' prison, which keeps unsuspecting people on the wheel of ignorance indefinitely. How is it done? Simple – spoon feed people with a false version of reality and keep them distracted (divided) away from the real version. Lies here and then more lies to get one back in the Light and then more lies here and the same lies coming from the Light...

The destiny of the unawakened is set in stone and quite frankly I could cry for them. The closest people to me are in this category and there's nothing more I can do to help them. This has been hard for me to accept, but I've no other choice!

Thankfully I still have a handful of friends who are open to my material and who I exchange (what has become) 'obvious truth' with. So to my awakened friends:

The relentless march of the vaccination programme will not abate, even though it's now been proven that the vaccines are killing more children than any virus could. Getting their circuitry into as many arms as possible (plus the graphene) is the goal of the rats (the Tyrants). 5G is the trigger. Omicron is not deadly so expect them to release a super-deadly mutant or a 'Dark Winter' option. It will come and us unvaccinated will be blamed. It will be a witch-hunt and the ignorant will snitch.

The knock at your door will come and only you can decide how you'll react. Of course they'll send one of their pansies, so 'resistance is futile' and it won't change anything. The most important thing is **YOU NEVER GO AGAINST YOUR TRUTH**. What distinguishes you from the mass sleepers is that you are in sync with your Soul and that's so so important in these times...

It's probable that they will kill us as they're the same evil families responsible for Auschwitz. Believe me it's better to die than to go against your truth/Soul. If they force vax you then be sure to let them know it's against your will.

Everything you need to know about how to successfully navigate your transition, I have talked about in the 50 short pdf's on my home page. Like me, I know you have much living to do; but it's best to be realistic; their total control net is closing real fast and this is the critical year.

Finally, I think we'll see war in Europe because that also culls the population and we must always remember that this is what it's all really about ~ Gary Bate. www.whatstress.com
