

Normal or Paranormal? By Gary Bate

Is Christ an alien? Yes. Christ consciousness is alien to Human consciousness. Christ consciousness is paranormal and Human consciousness is normal. Christ consciousness defies death and Human consciousness accepts it. Christ consciousness creates destiny and Human consciousness accepts whatever they're dealt with. Christ consciousness told Human consciousness to "follow me".

To follow you embark upon a journey through your own mind, through what can be thought of as a labyrinth. It's an INTERNAL journey and it doesn't involve other people. It's an 'alone' journey...

Human consciousness thinks it's a man or a woman. It thinks it's a body and because of that it gets emotional. It is needy. It needs other people for various things. It lives for the body and for the acceptance and approval (recognition) of other people. It attaches to people, places, animals and things. It identifies in the mirrors of other people, who are also living in Human consciousness.

Christ consciousness is the OPPOSITE. It doesn't identify as a man or a woman because it knows that it's a Spirit without gender. It considers its body to be a vehicle that is to be ridden with great skill. It doesn't have any addictions. It's not needy. It's a non-sexual entity, yet can engage for procreation. It has no attachments whatsoever. It doesn't see itself in other people; it sees itself in God. "The Father and I are ONE".

A journey is from A to B with breaks along the way. You now know what A and B are. Take your time to do the journey and take as many breaks as you like, but understand – you can only complete the journey whilst you're in your vehicle and time is running out on your body.

I've made it my life's work to explain what the journey is. I can't help anyone beyond that and nor can you; because we all have our own individual Souls that are begging us for completion. There is much more you need to know than what's here and it's in my books:

I'm done, because it's your choice whether you do the journey or not. It's your life. It's your future. It's your destiny. The only help anyone can really give you is to show you the correct path and unfortunately there are a lot of charlatans 'out there' who just want your service and your money.

If you email me (gary@whatstress.com) I'll send you a free 24-page pdf of my writings, which I haven't published. I am not money orientated – you can just take all of my free stuff ~ Gary Bate.
