

We've all now seen the total disregard for Human life. Even the mainstream reporters can now see it. The Israeli's know if a cockroach moves, so the idea that they didn't know about the Hamas attack is bullshit. It was allowed to happen to further an agenda.

We all have a common enemy and it's the small group of people that allowed this to happen...

The problem is, our governments answer to them and do their bidding. The job of the politicians is to appease the people. We're all being played big time and it's been going on for a very long time...

Is it any surprise that we see a psychopathic meglomaniac in Netanyahu? No. When you have people who are so steeped in the consciousness of control; some of them become crazed. The small group of people running this World are crazed psychopaths with an agenda of totalitarian control.

War is good for business – you destroy and you can re-build; you use armaments and you can produce more at incredible profits. Money here is a ponzi scheme; all the gravy trains lead back to the aforementioned group of banking families and other aristocratic families. There are people on this planet who are beyond the law. They are the ones who steer the policies here...

The war in Ukraine wasn't started by Putin; it was started in 2014 at the Euromaiden protests and 2 Americans (McCain & Nuland) were behind that, doing the bidding of their masters. It's easy to manipulate public opinion when you control the media.

Fortunately people are starting to wake up to the fact that there are string-pullers who hide behind curtains. The fact that they are power-crazy and beyond the law, should be a concern for all of us.

Why do you think they murdered Diana? Why do you think Andrew never went to prison? Why was Pearl Harbour allowed to happen? Why was 9/11 allowed to happen? Why did they get rid of Saddam Hussein and Muammar Gaddafi? The pattern continues until the masses wake up and accept who the real enemy is.

Ok this is incredibly boring for me (the predictability of power-crazed tyrants is very boring to me).

Let's finish this on a high note:

I only have one destiny (self-mastery) and I think you should follow my lead in this regard. Cancel all other destinies.

Lofty affirmations only manifest if you're a house in unity (united). If you're a house divided, the lower energy manifests. For instance, you can only manifest radiant health if your mind is pure. If your mind is impure then your health will be impaired in some way. Consciousness is everything.

The pop-up on my Free Stuff page is bang on.

Superconsciousness is very fast. You have to dismiss all fantasy very quickly. If you languor in it, the lower energy will manifest.

I'm giving you the way out of sex and control and emotions. You may not want the way out but the reason you don't want the way out is because you don't understand – you don't yet know the truth.

You are the one who presses the button on your lower energy and it's because you don't have the wisdom. Ignore the aforementioned morons; they will carry on killing and trying to control every one. Live only for your own destiny of self-mastery – all else is illusion ~ Gary Bate of whatstress.
