

How do you rationale how China can be neutral in this war? The same reason that Switzerland is neutral and the same reason that less than 10% of Austrian companies left Russia because of it. Like I said in a previous piece, the USA did nearly 700 billion in trade with China last year! Square that!

Have you not noticed how Switzerland is always neutral in every war? Why? Because the string-pullers live there.

So what's happening in the herd? Exactly what they want to happen. We take sides and argue amongst each other. Divide to conquer always works and all the string-pullers have to do is create chaos and engage us all in it, through their presstitutes.

Please remember, Klaus is on record saying that Putin is one of their Young Global Leaders. Just a handful of men control this World (from the shadows) and they do not include Biden who speaks to us from what he hears through his piece.

What we're really getting is no more than political theatre, which is designed to distract and confuse us, whilst they plan their next moves...

The vaccines were put out in controlled batches and only a small percentage were apparently lethal. So relax as you probably got a placebo. They did this so as to beta test and to not alarm us to any great extent. What comes next will be the real kill shot.

So what will come next? Your guess is as good as mine! A nuclear explosion? More weather warfare? More viruses and vaccines? Debilitating cyber attacks? Fake alien attacks? Another major economic collapse to rob us and introduce their digital currency? They have much planned for us...

Now to the GOOD news:

Preparing for scarce times is not being fearful; it's an act of self-love – so please do it.

Also please leave your seat in their theatre and get your own focus. Remember what you are (Spirit) and what creates your personal reality (the deliberate, contemplative, placement of your thinking). When you know what you are and what creates your life, then you will be empowered and fearless.

Every day I say to myself, “I cancel all destinies that lead to the conclusion of my life”. Why? Because what we say with intention is powerful and it creates our lives. By cancelling all destinies that lead to the conclusion of our lives, we will always be in the right place at the right time :)

You are Spirit and your Consciousness is the precursor to what you get to experience. The condition of your body tells you what your past state of mind has been. If you change your mind you evolve, regardless of what games the string-pullers play.

You can achieve homeostasis and get well; it's all in your mind. Diet and exercise are only small factors when it comes to health. Your attitude and your overall love of yourself are the real factors...

Thank you for indulging me in expressing myself through my short writings. You are you and you're here to prove truth to yourself and to get to know yourself (We are here to know ourselves).

I respect your free will to believe what you want and to live your life howsoever you want. It's your life and your future. In my opinion, expressing your truth and living true to it, are the most empowering attributes one can experience. I am now done with writing ~ Gary Bate of What Stress.
