I see the plight of people and their challenges and I feel love for them. After all, you are the same as me and we were all brave enough to come here and bear witness to this seemingly never-ending, despicable drama. We are the brave ones and I love you all.

I really don't have a beef with anyone, because I see that everyone is stuck in an aspect of their own mind, indeed, stuck somewhere in the pyramid of consciousness.

The Christians believe God only had one Son and that his Son is also God and Lord and Saviour. Other religions believe similar about their God (Lord, Deity, Guru). Of course, they can't all be right but they can ALL be wrong! They will continue to argue for their master and deny all others.

The result of this kind of thinking is a person who believes in an inequality of life. They believe that their master is superior to them and that non-believers are inferior to them or devil worshippers etc. They see the current World stage as the playing out of their scriptures and in the case of the Christians, they see us in the end times, in a fight of God (Jesus Christ) against the tyrants who control this World (the Zionists who are mainly Jews).

Zionism is not a religion or a race of people; it is an elitist political ideology – they believe that this World is theirs to totally own and that we are predominantly 'useless eaters' to be severely trimmed.

The Gnostics believe in an equality of life. They believe that God is life itself and thus God is in all people and all things. They see us all as 'gods' born from God (the Sons and Daughters of God). Thus they will never worship or follow another person, no matter who or what they claim to be. They see Worldly 'authority' as illusionary; just part of a drama playing out here.

So to the Gnostic, both the Christian (all religions) and the Tyrants (the Zionists) are all gods (God).

Are you starting to see the Christ paradox?

The Zionists have set this World on a trajectory towards their goal of total World domination. The unconscious (the sleepy Humans) will just comply and go along with that, to their own demise. There is a valid perspective that says they deserve what they get.

For those of you who are 'aware' of what's really going on, on this planet; you need to decide which camp you are in. Do you fight against the Zionists? Do you simply not comply with them (they will also see you as their enemy)? Or do you go 'belly-up' and subscribe to your own slavery?

There's no doubt in my mind that you're going to wake up one morning and have no access to your bank accounts (pension accounts) and realise that your money has been stolen. Money deposited in banks is legally the banks money, which they can use to repay their debts. After the Dollar (Pound, Euro etc.) has gone, the Zionists will introduce their planned 'World currency' and all inhabitants (who survive the crash and food scarcity and who comply with them); will get a minimum income.

Your plans for tomorrow and for your retirement will soon go out of the window. Big, painful, changes are coming; as sure as night follows day.

Regardless of your beliefs, it's time to get prepared for their onslaught ~ Gary Bate of What Stress.
