

The solution to this madness by Gary Bate

In order to know the solution and to be in no doubt about the solution, you have to know the problem. You have to know about the scum that are running the show. They are parasites...

Question: How many Zionists are Freemasons and how many Freemasons are Zionists?

The problem is not one nationality. It's not the colour of skin. It's not a problem that originates amongst the common people, for the common people are basically good and kind to others. The problem is elitist ideals and secret societies and the ignorance of the people as to what these are.

I've given 2 examples above. Zionism is the elitist ideal of one World order for their benefit and Freemasonry is the elitist secret society, which most Zionists belong to.

You have to ask yourself why the secrecy? Why don't you know the goals and the activities of Zionism and Freemasonry? Why don't you want to know? Obviously, secret societies are secret because they don't want you to know what they are up to!

90% of common people don't want to know and if they started to read this, they won't get this far. Therein is the problem and the elite know this. This is why the few can control the many – they easily get the 90% to gang up on the 10% who have got brain cells on active duty.

The mob rules on this planet, yet the 90% have bought into the idea that democracy rules. There is no real democracy here. The laws that apply to the common people do not apply to the ruling mob. They've gotten away with the World Wars, the other wars, 9/11 and forcing their poisons upon the common people. How many of the pedophiles who flew on the Lolita express to Little Saint James, are going to face any kind of justice? Will Maxwell go down for the rest of her life? She should.

The people who are asleep to this global medical tyranny, will probably remain asleep because their awakening means they have to take responsibility for the truth and it's not a nice picture to look at. These are the people who think the Queen and her family are 'do gooders'. They ignore the fact that Charles sits with members of the Rothchild's family at his Duchy board meetings. They ignore the fact that the British, the American, the Canadian, The European, the Australasian and many more geographic masses, are utterly controlled by these people.

In total there are only about a dozen elitist families who control the whole World. Are they tyrants? Of course – I mentioned 'control'. One who desires to control others is a tyrant. Are tyrants bad? They are the scum of this Earth.

What is God? God is Love. What is anti-God (the Devil)? Control.

If you have a planet that is governed by elected persons then you have a planet that is governed for the benefit of its people. Planet Earth, planet Terra is not such a planet. Our home is governed by unelected members of so-called 'noble' families, who govern this World for their benefit only. They do not care about common people. They have no interest in you apart from you serving them.

So you tell me – what chance does an awakened 10% have against a well-organised malevolent elite and the 90% that will do their bidding? No fucking chance! What can you do?

Under no circumstances acquiesce to the tyrants because that makes you a victim. Love never bows to tyranny. If you take their mark you seal your fate. It's time to choose. Be prepared to die for your truth. Watch your every thought as that's your energy. Don't give your power away ~ Gary Bate.
