

The Fourth Reich by Gary Bate

Déjà vu? Are we not going down the same road as our elders and ancestors went down?

Remember, 'they' wanted the Jews out of Germany and into Palestine, but the Jews were too comfortable in Germany. But we're not now talking a few million or even a couple hundred thousand; we're talking billions!

Are you not suspicious yet? A handful of South Africans get a sniffle and countries are locking down the unvaccinated and enforcing compulsory vaccine mandates! It's all a load of bollocks...

The Jewish owned, Zionist controlled, Big Pharma, is desperately trying to get as many needles in arms as possible – not to improve public health but to profit from depopulation (death) before too many people wake up to what they're doing...

That's why the Freemasons won't release the vaccine injury data for 55 years!!

People FFS wake up and smell the coffee. Your government is full of pansies and lackeys who serve a global elite, which is all linked by Freemasonry.

To Rick & Doc - yes it does seem surreal but it's definitely happening. They're trying to break the backbone of the Human spirit. I'm not a Christian per say but I am pro Christ-consciousness and I agree with you that it's time to fight this global tyranny.

The problem is, just like the German population in WW2, we're a global population of spineless sleepy heads. The psychopaths say jump and we say how high!

This is a pandemic of the vaccinated, a pandemic of the unawakened. The only hope the Human race has, is if the American people wake up in droves (because they have the means to alter this trajectory). The Austrians, the Germans, The British and the rest of the World will all acquiesce.

You cannot fight tyranny with placards – period. I know tyrants and they never give up. They will keep injecting, locking us down and destroying our businesses until we are all on our knees. The forced mask wearing and injection of our children is both a massive insult to and crime against humanity. The unawakened masses will go down in history as the mind-controlled who allowed this all to happen.

There needs to be a coordinated concerted effort to bring down the current power structure, but that's extremely unlikely to happen because both police and military are mind-controlled and riddled with Freasonry.

What's happening today is not a new thing; it's been going on for centuries. We're just now seeing the culmination (the closing) of the totalitarian control net. We've not got years, we've not got months; we're down to days now.

If the masses don't wake up NOW we'll all be going to the gas chambers (metaphorically speaking). I, for one, will never acquiesce to this tyranny ~ Gary Bate of www.whatstress.com
