

This World has become ultra-stupid. You have an occupier in the land of Palestine who is killing Palestinian men, women and children and the 'establishment' are backing them. The same establishment allowed Hamas to commit their atrocity. Why?

The establishment loves chaos, disorder, devastation, mutilation and the death of innocent lives... Notice how quickly the USA and Britain came to Israel's side. Is Iran and or Russia the real target?

Sane people do not go around killing other people and destroying their homes. The establishment are psychopaths and so are their puppets (Netanyahu, Biden, Sunak etc.).

Decide the goal – create the atrocity – execute the pre-planned solution. Good ivory tower business.

I've said it before and I'll say it again:

This World is controlled by the demons in the Light. The establishment worship these demons...

They know that if they kill a child today, that child will be offered to the demons and it will be reborn after it's been stripped of all its memories.

I don't write nice stuff; I write truthful stuff. It's about time so-called 'grown-ups' grew up a bit.

This World is a mirror of the Light. Do you think it's extreme here? The Light is more extreme...

Everyone's destiny is always at stake. You can delude yourself indefinitely with your emotional dramas; but you're writing your own destiny as you do so.

People have come and gone. People have been and left. Where did they go? What did they know?

Those of us left on this planet have a duty to ourselves to at least try to break the mould. Like I've said many times before – what we are doesn't really matter because how we behave tells us where we're at consciously. If you fall into the 'establishment trap' of taking 'sides' then you've lost the plot and you're destined to return to the demons in the Light.

We are not here to go to the Light again; we are here to evolve and go beyond it.

You think this contrived war in Palestine is simply a justification for the act of a terrorist group? No, it was pre-planned by the demon-loving establishment.

I don't care if you think I'm a nutter. I've been watching keenly for 60 years. I've made it clear on my website and in my books, what everyone needs to do to avoid the Light trap that we've all been caught in many times before. You can take it or leave it – it's your destiny.

Is there an answer for this planet? Yes there is, it's called love. We are to love each other; not to kill each other. The men and women who are orchestrating these wars and conflicts need to be removed. Trump threatened to do it; but he discovered that president isn't the top job. They don't want to give him a second chance...

Individually, we have to create our own destinies by learning to live now as if we're already in the future. How do we want to be? Do we want to live in control or love? Let's start living it today...
